

Friday Lunch Seminar – Fr 15 Mar

Gérard Krause

Digital Mobile Health Tools in Infection Research

Recruiting participants for clinical and epidemiological studies becomes increasingly challenging as do novel requirements for data protections and ethics. Highly specialized mobile health developed at HZI aim to overcome those challenges and make data and bio-samples available for research, that had precious remained inaccessible.

When: Friday, 15 Mar 2019, 11:15

Where: HZI, Forum X 0.13

Gérard Krause, Epidemiology (EPID)
